

## TRAINMEN VOTE TO QUIT WORK

Pennsylvania Road Threatened With Tieup.

### TIME LEFT TO OFFICERS

Railway Officials Will Take Advantage of Erdman Act and Will Request That Knapp and O'Neill Act as Arbitrators—Strike Will Result in Complete Suspension of Operations and Thousands of Employees in Other Branches Will Be Idle.

Philadelphia, July 15.—Falling in their negotiations with officers of the Pennsylvania railroad for an increase in wages, trainmen and conductors on the lines of the system east of Pittsburgh and Erie decided to go on strike. The time for the actual quitting of work was left entirely to the presidents of each branch of the organized service.

To prevent a tieup of its system, the Pennsylvania road will take advantage of the recently enacted Erdman act and will appeal to the federal authorities to take a hand in its dealings with the men. It will request, under the provisions of the act, that Martin A. Knapp, chairman of the interstate commerce commission, and Charles P. Neill, United States commissioner of labor, shall form an arbitration board for consideration of the merits of the controversy between the railroad and its employees.

A strike would mean the complete tieup of every branch of the Pennsylvania railroad's system. Not a wheel would be turned, and as the result of such a move thousands of employees other than trainmen and conductors would be forced to quit work. Officers of the company see the disastrous effect of such a move, and everything will be done to bring about an amicable adjustment of the controversy, notwithstanding the action of the men in their almost unanimous vote to strike unless they shall be allowed a day of 10 hours with pay for 11 hours.

The vote on the strike question was unanimous. The men declared that they favored leaving the service as long as the railroad company had failed to consider their demand. The time the walkout will take place was left by the committee to W. G. Lee, president of the trainmen, and A. B. Garretson, president of the conductors.

### LINES WEST INCLUDED

Union and Railway Officials Have Unsatisfactory Conference.

Pittsburg, July 15.—By an overwhelming majority the employees of the Pennsylvania Lines West voted to strike for higher wages and decreased working hours.

General Manager George L. Peck of the Pennsylvania lines west of Pittsburgh and a committee of the conductors, trainmen and firemen of the lines were in conference at the Union station. The men's committee finished counting the strike vote and announced the result to the Pennsylvania officials. General Manager Peck said he would meet with the committee of the employees again today.

## FREE BOOKS FOR MOTHERS

Send for Them and Learn More About the Treatment That This Michigan Woman Recommends.

As a woman's health is dependent upon the condition of the blood, every mother, who fails to regain her strength after childbirth, should hasten her return to health and save herself from years of unnecessary suffering, by giving Dr. Williams' Pink Pills a thorough trial.

Mrs. Emerson Fisher, whose address is Box 7, R. F. D. No. 1, Ashley, Mich., owes her health to a thorough trial of Dr. Williams' Pink Pills. She says: "After the birth of my second child I was completely run down and my blood was weak and impure. For over a year I suffered from weakness. My feet felt as though needles were pricking them and I couldn't stand up long enough to wash my dishes but would have to sit down. When I sat down I could not draw my feet under me without supporting myself on the chair. I could not lie down in bed without being dizzy and sick to my stomach. I had no appetite, was very nervous and my neighbors did not think I would live the summer through."

"For six months I doctored with the leading physicians of this county and did not get any better, but grew worse if anything. They did not seem to understand my case and the last doctor I had told me he could not help me. It was some time after this that I read of Dr. Williams' Pink Pills and began to take them. They helped me from the start, I felt and looked much better and in a little over a month I was as well as ever. I heartily recommend the pills to every suffering woman."

Most of the diseases from which women suffer are directly caused by a lack of blood. Dr. Williams' Pink Pills, therefore, have been found unequalled in the treatment of anemia, green sickness, delayed development, leucorrhea and all irregularities arising from impure watery blood and weak nerves. Every mother should have our booklets, "Plain Talk to Women" and "Care of the Baby," which will be sent free upon postal card request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams Medicine Company, Schenectady, N. Y.

## ATHERTON SIGNS HIS RESIGNATION

Newark's Suspended Mayor Drops Fight.

### SHEDS TEARS OVER ACT

His Successor Hands Out Stiff Talk to Man Convicted of Selling Booze and Drops Three More Patrolmen From Police Force—Weybrecht's Report to Governor Criticizes Links and Policemen—Receives Threats From Zanesville and Newark.

Newark, O., July 15.—Broken-hearted and with tears in his eyes Herbert Atherton, deposed mayor of Newark, tendered his resignation to Acting Mayor John Ankele.

"They have forced me to resign; I couldn't do otherwise. I tried to please them, but the kind of an administration I have always given them did not carry me through. I don't know what I will do or where I will go. I have absolutely nothing at present to turn my hand to," sobbed Atherton.

In his written statement resigning the mayoralty Atherton, speaking of the lynching, said: "I did what I thought I should do and believed I was following the wishes of the majority of those who elected me."

Atherton made a hard fight against resigning. He wanted to defend himself before the governor, but the strongest kind of pressure was brought to bear on him by the Democratic leaders and by his friends, who wanted him to take this course to forestall certain removal. After numerous conferences and several delays of announcing his decision, Atherton finally signed his resignation.

Mayor Ankele made another shake-up in the police department when he suspended Patrolmen James Callan, Charles Moore and Charles Cooper—rider on general charges of gross neglect of duty. These cops were on duty the night of the lynching.

Mayor Ankele sentenced the first Rose law violator to be brought before him. August Sisci, who was arrested for running a "speakeasy," paid a fine of \$50. Mayor Ankele warned him not to engage in the sale of intoxicants again, and that if he was arrested a second time that the fine would be doubled plus a work-house sentence.

### WEYBRECHT THREATENED

Adjutant General Gets Letters From Wet Sympathizers.

Columbus, O., July 15.—In his report to Governor Harmon, Adjutant General Weybrecht makes this statement: "My impression from my interviews with Sheriff William Links, which has been strengthened by further information received, is that the sheriff not alone absolutely evaded and neglected his duty, but in a measure encouraged the mob in its work."

General Weybrecht says the mob contained anywhere from 3,000 to 12,000 people. He declares, however, that the actual work—that is the battering down of the jail doors, the taking of Etherington from his cell and his lynching—was done by from 30 to 40 men.

General Weybrecht said he had received a number of threatening letters from Newark and Zanesville, most of the writers declaring they would "get" him because of his activity in the Newark case.

## LOCATES PITTMAN STARVING IN CELL

Washington, July 15.—William P. Pittman, the American mining engineer who was captured by the Madrid forces while he was laying mines in the recent battle at Bluefields, has been maltreated. Jose de Olivares, American consul at Managua, who visited Mr. Pittman, reported to the state department that Pittman had been confined in a filthy cell and deprived of food.

As soon as the consul learned of Pittman's conditions he made vigorous representations to President Madrid, protesting to the treatment accorded the prisoner. Consul Olivares demanded that Pittman be removed to a larger and cleaner cell. This demand was granted by Madrid; who also agreed to allow Consul Olivares to furnish Pittman an adequate supply of food and a sleeping couch.

### LANDIS CHARGES GRAND JURY

Tells Members to Indict Packers, Not Corporation.

Chicago, July 15.—"Do not indict a mere alias; do not indict a corporation when an individual is responsible; follow the trail down to the real offender."

Judge Landis, in the foregoing statement to the grand jury impaneled to investigate the meat packers' trust, carried out his plan to force the indictment of individuals rather than corporations.

"It sometimes happens," said Landis, "that a person about to violate a law takes a name other than his own. To illustrate, John Jones, undertaking to counterfeit gold dollars, changes himself to John Smith or to the Metals Fabricating company, a corporation, and in that name does the thing forbidden. If your investigations disclose such a case, do not indict a mere alias, but follow the trail wherever it may lead you until you have located, identified and pointed out the real offenders."

## DENMAN TO PROBE OHIO COAL TRUST

Cites Operators of Belmont County to Defend Acts

Columbus, O., July 15.—Attorney General Denman has started the machinery of his department to break up what he declared to be a giant coal monopoly, which has grown up in the Pittsburgh vein No. 8, in Belmont county, within the last year. "My department has been working on the case for some time and we are convinced that a trust is operating to raise the price of coal to the retail dealers," said Denman. "As far as we are able to ascertain at this time there are 35 companies in the combine."

"I have written every company, ordering that each send a representative to my office tomorrow to explain the present situation that has arisen in the Belmont field. Those that find it impossible to send a representative to me must send written statements. "The plan of the combine has been for the big companies to buy the entire output of the small companies. In that way a few of the big fellows have been able to dictate higher prices to the retail dealers."

### Pleased His Majesty.

The dark monarch from sunny Africa was being shown over an engineering establishment in an English city by the manager, who in explaining the working of certain machinery unfortunately got his coat tails caught in it and in a moment was being whirled round at so many revolutions per minute. Luckily for the manager, his garments were unequal to the strain of more than a few revolutions, and he was hurled, disheveled and dazed, at the feet of the visitor.

That exalted personage roared with laughter and said something to his interpreter.
